Faculty, Seniors Choose Seven For National Honor Societies

Seven outstanding seniors have been elected by faculty and students to national Catholic honor societies. They will be awarded membership keys at the honors convocation in May.

A combined faculty and senior vote determined the election of five seniors to Rho chapter of Delta Epsilon Sigma, national scholastic honor society for students of Catholic colleges and universities. New members are Mary Jo Howerter, Carol McCauley, Kathleen McSweeney, Joan Madden and Patricia Spaight.

Miss Howerter, Miss McCauley and Miss Madden were also elected by the faculty to Kappa Gamma Pi, national honor and activity society of Catholic women's colleges. Other new members are Marge Gildner and Lois Wissel.

Membership in each society is limited to 10 per cent of the graduating class. In addition, Kappa Gamma Pi requires a 3.4 average for eligibility and Delta Epsilon Sigma a 3.00 average.

Mary Jo Howerter, biology major from Des Moines, has served for the past three years as Clarke's delegate to the National Federation of Catholic College Students. She holds membership in the Biology Forum and Press club and has been a tackpointer for three years. As a freshman and sophomore she was on the staffs of the Courier and the Spires.

We've Been Sleeping Too Long!

Wake up! We've been sleeping around here long enough.

Wake up and take a look around. What do you see? Anything? If you're not too myopic you *might* notice the announcements of the coming activities, the bulletin boards, the art displays, and what's happening at 10:10. And if you've got 20-20 vision you *might even* notice that we have student government, school clubs, school publications.

You *might*. So then what? If you act according to standard procedure, you'll grumble a bit about too many things consuming your time and take off for the zone for a game of pinocle. While there you'll probably decide just what's wrong with the SLC and the school in general. Perhaps you'll feel better for having solved the weighty problem.

But wait a minute. The SLC, the publications, the school projects don't exist by themselves or for themselves in a vacuum. Somebody has to keep them going; somebody has to keep her mind operating. That somebody should be you. But how easy it is to leave everything up to the other person.

Our SLC Congress convenes in two weeks. It's obvious that we'll have a lot to do. But we have some serious thinking to take care of first — not the type of thinking that leads us only to wondering how many rules need to be adjusted, but the type that will give us insight into our own attitudes and lethargy.

If all the Congress means to us is a chance to weigh the advantages of three weekend permissions over two permissions, or to argue whether we should have combined or separate upper class athletic teams, then we'll be wasting our time. Rules are important, but among reasonable people rules can be quickly and satisfactorily adjusted.

What we need to do at this Congress is to find a method which will raise the intellectual life of the college and to stimulate our enthusiasm for it. The job won't be an easy one. But let's not delude ourselves. It's a job that's got to be done.

Wake up! Think! Then act intelligently at the Congress.

Current Magazines Offer Suggestions On How To Write, Work, Be Healthy

By Mary Lassance

College students who are interested in writing can be encouraged by the success of two young novelists whose books are now on the stands. Europe's latest literary sensation is an 18 year old French girl, Francoise Sagan who shows promising talent in her *Bonjour Tristesse*. Also in France, Camara Loyce, a young student from French Guinea, published his first work, *The Dark Child*.

Here in the States next fall college writing will receive added encouragement. At that time Bantam Books will publish *Campus Writing Today*, a national review of the best college writing. The field is open as to types of writing submitted, but must be contributed by currently enrolled students or persons who have attended college either as graduates or undergraduates within the past three years. Material for the first issue must be in by May 1.

Notre Dame and Purdue Universities are starting early in providing incentive for college writers. Both have begun issuing new publications containing the best writing from the freshman English classes. These prove useful as a guide to future freshmen.

"Wise men learn from other men's mistakes." These words should be a guide to both job-hunting seniors and those of us who are just looking for

something to do during the summer. The editors of *Changing Times* offer a solid list of "don'ts" for prospective employees in their March issue. These rules were obtained by interviewing personnel men and employment counselors to determine the most common reasons for failure in interviews with possible employers. Among the most frequently cited factors were ineffectual manner, carelessness in dress, poor work record and lack of knowledge about the company. Anyone who's worried about getting a job could well check this article.

"It's all in your head" has been the standard explanation for chronic ailments for years. Recently doctors have discovered that the old adage is right 50 per cent of the time. This widespread disease even has a special name: Emotionally Induced Illness, or EII for short. According to an article entitled "Grow Up and Feel Better" in the April *Catholic Digest*, EII usually results from an immature attitude towards life in general and inability to face issues squarely. The subsequent frustrations and emotional stress produce effects upon the body.

The author, Dr. John A. Schlinder, suggests: "If all of us learn to stop being childish and grow up emotionally, we'll avoid a vast amount of physical illness, to say nothing of minor aches, pains and fatigue."

Had any migraine headaches lately?

The Campus Line

Who's the oldest? St. Mary's-of-the-Woods or St. Mary's of Notre Dame? According to *Fagots*, Woods publication, confusion recently arose when St. Mary's of Notre Dame issued publicity calling themselves "America's oldest Catholic women's college empowered to grant degrees." The situation improved when fact-searching "Woodites" discovered that the "right to confer degrees" was granted their northern neighbors in 1855. But as the Woods received their charter in 1846 they can breathe easily again and justly claim to be "Indiana's oldest Catholic college for women."

Almost any college would welcome a new bathing beach, but not Miami University. An editorial in the *Hurricane*, according to an ACP release, denounced the plan as furthering their "country club reputation." An accompanying cartoon showed a student

bather shaking his fist at black clouds hovering over a beach. The caption read: "Why isn't the sun out? I paid my tuition."

College of St. Catherine students are currently advocating joining forces with St. Thomas college. They hastily explain that they don't mean complete assimilation however. Rather they think that if certain "upper division courses, especially seminars, could be held jointly, it could scarcely help being advantageous to schools and students alike." Such a plan would involve more well-equipped and well-staffed departments for both schools. That's their excuse anyway.

ACP quotes this thought from the Colorado School of Mines: "To a woman the perfect husband is one who thinks he has the perfect wife." Not *thinks* but *knows*, we say.

"Eloise says that it's just a little April Fool joke on the chem class."

Here's What We Think... About the Congress

Now's the time to start doing some serious thinking about our SLC Congress which is coming up soon. Here's what four Clarkites consider the most important problems that are sure to be discussed.

Sara McAlpin, junior from Fort Dodge, says: I think the problems under discussion at the Congress will probably include the drinking question, which seems to pop up every year. Whether the rule is changed or not it should at least be discussed for the satisfaction of the students.

Another question which might come up is the possibility of sophomores getting a limited number of 11:30 permissions to

eliminate the inconvenience caused when they are doubling with upperclassmen. Perhaps everyone could get more 12 o'clocks.

I would be in favor of Sunday Mass at 8:30 or 9 o'clock every Sunday instead of one late Mass a month.

Barbara Tigges, senior from Dubuque, says: Subjects that I think ought to be discussed at the Congress are these. First on my list is the yearbook question. A college the size of Clarke and with a reputation such as ours certainly deserves to put out a yearbook.

Another problem of this year has been that of sports. The joint junior-senior team didn't

seem to work as well as had been anticipated.

About choral—why do city students have to go when there is practice for the functions attended by resident students only?

Carole Donovan, senior from Belle Plaine, says: I would like to see the problem of a year-book brought up for discussion at the Congress. Also I think that something should be done about permissions, especially for freshmen and sophomores. I think they should have more permissions during the week and these ought to be extended to evening dating permissions.

The problem of drinking will probably come up, but I see ab-

solutely no necessity in changing the rule as it now stands.

Marion Lifka, junior from Berkeley, Ill., says: One problem I would like discussed is the expensive hose situation. If they could not be abolished for all days, at least a reprieve could be granted for Saturdays.

Freshman study hall presents another issue. I think it should be eliminated from Sunday mornings and attendance on other days should be either discontinued or enforced.

Other problems that could well be discussed are the initiation of a cur system and a curtailed program of extra-curricular activities.

Dr. Kane was recently elected vice-president of the Indiana Conference on Family Relations. The March 1955 issues of *Information*, *The Christian Family* and the *Grail* carry articles by Dr. Kane.

In his talk Dr. Kane plans to develop "some of the economic and social pressures which the middle class American husband encounters." He wants "to distinguish between the pull of his duties as a husband and the pull of his other duties in life."

Clarkites Show No Qualms About Settling Weighty Problem

Cheer up, Clarkites! Penny Pound Day is over and the results aren't so excruciating after all. Next time someone asks you how much you weigh you can say with all honesty: "The average Clarke girl weighs 128. I am an average Clarke girl."

Therefore, I weigh 128." (Note: This total does not include shoes, watches, bobby pins, and other such "weighty" articles.)

According to Tuesday's statistics, there are only four seriously "sub-normal" students at Clarke. Katherine Au-Young, for example, weighed in at a mere 92 pounds. Running a close second was Joan Gosline at 96 pounds. Mary Jo Howarter and Dorthea Durkin tied for third place at 97 pounds each.

Comps may have been an important factor in the senior total. The lightest class of all, they averaged 123 pounds. Sophomores carry the most weight in the school, averaging 135 pounds. The typical junior weighs 127 and the freshies finished with a 126-pound norm.

Father Anthony Lang's complacency made him \$3.10 poorer on Penny Pound Day. With his usual composure he informed Miss Pauline Ament that he would pay double if she guessed his exact weight. She guessed, he weighed in, and the building fund grew! The peak of the fun came, however, when Msgr. S. D. Luby stepped on the scale, pulled out \$2 and told the checkers to "keep the change."

Even the monks from New Melleray lent weight to the SLC project. Abbot Philip, who was a guest speaker at Clarke Tuesday, and Father Patrick weighed in and paid out—with Sister Mary Joseph Therese's financial assistance.

It Pays To Diet Clarkite agreed last Tuesday. Above, Mary Cosgrove, Dubuque, has her weight checked by Virginia Holmberg, Dubuque.

Katy Wegs Holds Senior Art Exhibit

Art major Kathryn Wegs will hold her senior exhibition April 18-30 in the Clarke college art department.

The exhibition will feature not only studies in paintings but also works in sculpture. Fourteen pieces of both wood and stone sculpture will be shown.

Major attraction of the exhibit will be Miss Wegs' thesis, a five-foot standing figure of Christ, hewn in walnut. The artist likes to think of this work as the "teaching Christ" for His hand is raised, as if in instruction.

Oil, enamel, casein and ink are some of the mediums employed by the senior art major in her 19 paintings which will be on exhibit.

The exhibition is the climax of three years activity in the art field by Miss Wegs. She has studied under Sister Mary James Ann, BVM, and Mr. Edmund Demers.

Clarkites Will Don Top Styles In Fashionable Easter Parade

Peter Cottontail's just about ready to hop down the bunny trail and Clarkites all are preparing to get in step with him. Eleven students are singing "We'll be the grandest ladies in the Easter parade," as they put the final touches to their outfits which they made in clothing class.

Katy Wegs hopes the weatherman remembers that it's spring so that she can wear her toast colored linen sheath dress with a tan figured linen boxed jacket. Her accessories will include toast colored gloves, a tan hat and brown heels.

Easter Sunday will find Mary Jane Thornton in a melon-colored silk-rayon suit dress which features a wide sailor collar and a double-row button closing. The white collar and cuffs are detachable. Mary Cosgrove

has made a sky-blue tweed suit with push-up sleeves, back belt and a slim skirt. She will accent the suit with navy blue hat and heels.

Selects Aqua Suit

Eileen Schmitt has chosen brown accessories to go with her aqua matchstick suit. The suit is styled with a boxed jacket and a column skirt. Helene Marben will join the parade in a beige wool flannel suit which has a pastel print lining and a matching blouse. The boxed jacket features long fitted sleeves and a shaped neckline with stand-away collar. Her accessories will be in navy blue.

Combines Dress, Jacket

The latest in fashions will be shown by Jorene Brookens who has made a sheath dress and jacket ensemble. The dress and jacket lining are of the same beige material and the wool boxed jacket is pink.

Lavender is Sharyn Johnson's color choice for spring. Her lavender boucle coat is lined with everglaze print which matches her full skirted dress. Sharyn says that the dress features a boat neckline. Appearing in a light tan wool tweed suit will be Ann Doll. The boxed jacket and slim skirt will be accented with dark brown accessories.

Adds Bright Touch

A red and white checked lining and weskit blouse will give the bright touch to Donna Moeller's charcoal grey boucle suit. The boxed jacket has three quarter length sleeves. Donna will wear red and white accessories.

Mary Harrington will be right in style with her light brown linen suit which has a beige figured blouse and matching jacket lining. The fitted jacket, with three quarter length sleeves, goes with a full skirt.
